

INDEPENDENT AUDITOR'S REPORT

To the Members of Arkade Developers Limited
(Formerly known as Arkade Developers Private Limited)

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Arkade Developers Limited** (hereinafter referred to as the 'Holding Company'), its subsidiaries and associates (Holding Company and its subsidiary and Associates together referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2023, the consolidated statement of Profit and Loss, the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Company Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India specified under Section 133 of the Act, of the consolidated state of affairs (consolidated financial position) of the Group as at 31 March 2022, its consolidated profit (consolidated financial performance) and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Company act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by ICAI together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Company Act, 2013. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Mittal & Associates

Chartered Accountants

Other Matters

1. The comparative financial information of the Company for the year ended 31st March, 2022 and the transition date opening Balance Sheet as at April 01, 2021 included in these financial statements, are based on the previously issued audited financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Indian Accounting Standards (Ind AS), which have been audited by us.
2. Consolidated accounts for the previous year ended on 31st March, 2022, were audited by another firm of Chartered Accountants viz. M/S. Kevin Shah & Associates. They have expressed the unmodified opinion on the financial statements for the year ended on 31st March, 2022 vide their report dated 01 April, 2023.
3. We did not audit the financial statements of the subsidiary firms, whose financial statements reflect total assets of Rs. 15.30 lakhs as at March 31, 2023 and total revenues of Rs. Nil for the year ended on that date and the associates whose financial statements reflect share of profit of Rs. 417.43 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements are audited by other auditors and whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, and our report in terms of sub-section (3) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiary and associates, is based solely on the reports of auditors.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the management discussion and analysis, Board's Report but does not include the Consolidated Financial Statements, Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude

Mittal & Associates

Chartered Accountants

that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements in term of the requirements of the Company Act, 2013 that give a true and fair view of the consolidated state of affairs (consolidated financial position), consolidated profit or loss (Consolidated financial performance) and its consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the company included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the company included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the company included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's

Mittal & Associates

Chartered Accountants

report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Company Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Mittal & Associates

Chartered Accountants

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

Mittal & Associates

Chartered Accountants

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2022 taken on record by the Board of Directors of the Holding Company none of the directors of the Group company is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "**Annexure A**".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, being the Private Limited Company, the provisions of section 197 of the Act are not applicable.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Company (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group (refer note 34 of the consolidated financial statements)
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary and associates company incorporated in India.
 - iv. (a) respective Managements of the Company and its subsidiary and Associates which is company incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are

Mittal & Associates

Chartered Accountants

material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such subsidiary and associates to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such subsidiary and associates ("Ultimate Beneficiary") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiary

(b) The respective Managements of the Company and its subsidiary and associates which is company incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or any of such subsidiary and associates from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiary and associates shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiary") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiary.

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company and its subsidiary and associates which is company incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

(d) Company has not declared dividend during the year hence reporting with respect to section 123 of the Company Act is not applicable.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Company (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, is not applicable to the Consolidated Financial Statements.

Annexure “A” to the Independent Auditor’s Report of even date on the Consolidated Financial Statements of Arkade Developers Limited (Formerly known as Arkade Developers Private Limited) for the year ended 31st March 2023.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Company Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Arkade Developers Limited (“the Company”) as of March 31, 2023 in conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Group’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Group’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Company Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Company Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Group's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

1 Corporate information

Arkade Developers Limited is a Public Company domiciled in India and incorporated on 13th May, 1986 under the provisions of the Companies Act, 1956 having its registered office situated at Arkade House, Opp. Bhhomi Arkade, Ashok Nagar, Kandivali East, Mumbai, 400 101. The company is primarily engaged in real estate development. The operations of the Company span all aspects of real estate development, from the identification and acquisition of land, to planning, execution, construction and marketing of Commercial and residential projects.

These Consolidated financial statements were approved for issue in accordance with a resolution of the directors on July 03, 2023.

2 Significant Accounting Policies

2.1.1 Basis of preparation

These financial statements have been prepared on a going concern basis following the accrual basis of accounting in accordance with the Generally accepted Accounting Principles (GAAP) in India (Indian Accounting standards referred to as "IndAS") as specified under the section 133 of the Companies Act, 2013 read with Rule 3 of Companies (Indian Accounting Standard) Rules, 2015 and relevant amendments rules issued there after and and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III). These Consolidated financial statements are presented in INR and all values are rounded to the nearest Lakhs, except when otherwise indicated.

These financial statements are the Company's first Ind AS financial statements and are covered by Ind AS 101, First time adoption of Indian Accounting Standards (Ind AS 101). The transition to Ind AS has been carried out from the accounting principles generally accepted in India ("Indian GAAP") which is considered as the "Previous GAAP" for the purpose of Ind AS 101. Under previous GAAP financial statements were prepared in accordance with the Accounting Standards notified under section 133 of the Act read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ("Indian GAAP") and other relevant provisions of the Act as applicable.

The financial statements have been prepared on a historical cost convention, except for the following assets and liabilities:

- i. Certain financial assets and liabilities that is measured at fair value;
- ii. Defined benefit plans-plan assets measured at fair value.
- iii. Investments in equity instruments, other than investments in subsidiary & associates firm, measured at fair value through profit & loss account (FVTPL)

2.1.2 Principles of Consolidation

Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the restated consolidated statement of profit and loss, restated consolidated statement of changes in equity and restated consolidated statement of assets and liabilities respectively.

Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Equity Method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities.

Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

2.2 Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the Group operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognized in the statement of profit and loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognized in OCI up to the amount of any previous revaluation surplus.

For assets excluding goodwill and intangible assets having indefinite life, an assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

As per the assessment conducted by the Group there were no indications that the non-financial assets have suffered an impairment loss during the reporting periods.

2.6 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

2.6.1 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets

2.6.2 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognised in profit or loss for FVTOCI debt instruments. For the purposes of recognising foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortised cost. Thus, the exchange differences on the amortised cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

All other financial assets are subsequently measured at fair value.

2.6.3 Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

2.6.4 Financial assets at fair value through profit or loss (FVTPL)

initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments, which are not held for trading.

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

A financial asset that meets the amortised cost criteria or debt instruments that meet the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases, The Group has not designated any debt instrument as at FVTPL.

2.6.5 Investments in equity instruments at FVTOCI

On initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Dividends on these investments in equity instruments are recognised in profit or loss when the Group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss is included in the 'Other income' line item.

The Group has not elected for the FVTOCI irrevocable option for this investment.

2.6.6 Impairment of financial assets

The Group assesses on a forward-looking basis the expected credit losses associated with its assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

2.6.7 Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Group retains an option to repurchase part of a transferred asset), the Group allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

2.7 Financial liabilities and equity instruments

2.7.1 Classification as debt or equity

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

2.7.2 Equity instruments

deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

2.7.3 Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

2.7.4 Financial liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a Group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in Statement of Profit and Loss. The net gain or loss recognised in Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the 'other gains and losses' line item in the Statement of Profit and Loss. The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

2.7.5 Other financial liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

2.7.6 Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability, Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

2.8 Investment in Subsidiaries

The investment in subsidiaries are carried at cost as per IND AS 27. The Group regardless of the nature of its involvement with an entity (the investee), determines whether it is a parent by assessing whether it controls the investee. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Thus, the Group controls an investee if and only if it has all the following:

- power over the investee;
- exposure, or rights, to variable returns from its involvement with the investee and
- the ability to use its power over the investee to affect the amount of the returns.

Investments are accounted in accordance with Ind AS 105 when they are classified as held for sale. On disposal of investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

2.9 Inventories

Inventories comprise of: (i) Construction materials and consumables (ii) Construction Work-In-Progress representing properties under construction/development (iii) Finished Inventories representing unsold units in completed projects

The construction materials and consumables are valued at lower of cost or net realisable value. The construction materials and consumables purchased for construction work issued to construction are treated as

The construction work in progress is valued at lower of cost or net realisable value. Cost includes cost of land, development rights, rates and taxes, construction costs, borrowing costs, other direct expenditure, allocated overheads and other incidental expenses.

Finished stock of completed projects and stock in trade of units is valued at lower of cost or net realisable value.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

2.10 Revenue recognition

Revenue from contracts with customer is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Revenue is measured based on the transaction price which is the consideration, adjusted for discount and other credits, if any, as specified in the contract with customer. The Group presents revenue from contracts with customer net of indirect taxes in its statement of profit and loss. The Group assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Group has concluded that it is acting as a principal in all of its revenue arrangement.

Income from property development

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated in determining the transaction price, the Group considers the effect of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

The Group satisfies a performance obligation and recognize the revenue over the time if the Group's performance does not create an asset with an alternative use to the Group and it has an enforceable right to receive payment for performance completed till the date on the basis of the agreement entered with customers, otherwise revenue is recognized point in time. The revenue is recognized at the point in time when the control of the asset is transferred to the customer and the performance obligation is satisfied i.e. on transfer of legal title of the residential unit and on completion of project and occupation certificate is received.

When it is not possible to reasonably measure the outcome of a performance obligation and the Group expect to recover the cost incurred in satisfying the performance obligation revenue is recognized only to the extent of the cost incurred until such time that it can reasonably measure the outcome of the performance obligation

The Group becomes entitled to invoice customers for construction of residential and commercial properties based on achieving a series of construction-linked milestones. When the Group satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration earned by the performance. Any amount previously recognized as a contract asset is reclassified to trade receivable at the point when the Group has the right to receive the consideration that is unconditional. If a customer pays consideration before the Group transfer goods or services to the customer, the contract liability is recognized when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognized as revenue, when the Group performs under the contract.

2.11 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Group and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realized or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Group has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum alternate tax (MAT) paid in a year is charged to statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period i.e. the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance note on Accounting for Credit available in respect of Minimum Alternate Tax under the Income tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement" under the deferred tax assets. The Group reviews the "MAT Credit Entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

2.12 Employee Benefits:

2.12.1 Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employee service upto the end of the reporting period and are measured at the amount expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

2.12.2 Post-employment

Defined contribution plan

The Group makes specified monthly contribution towards employee provident fund to Employees' Provident Fund. The Group's contributions to the fund are recognised in the Statement of Profit and Loss in the financial year to which the employee renders the service.

Defined benefit plan

The Group's gratuity scheme is a defined benefit plan. The present value of obligation under such defined benefit plan is determined based on actuarial valuation carried at the year-end using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

The Group recognizes the following changes in the net defined benefit obligation under Employee benefit expense in statement of profit or loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements
- Net interest expense or income

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

2.13 Transition to Ind AS

The following is the summary of practical expedients elected on initial application:

- Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
- Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application, variable lease and low value asset.
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.

2.14 Segment reporting :

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of directors monitors the operating results of all product segments separately for the purpose of making decisions about resource allocation and performance assessment.

The operating segments have been identified on the basis of the nature of products/services. Further:

- Segment revenue includes sales and other income directly identifiable with / allocable to the segment including inter-segment revenue.
- Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result. Expenses which relate to the Group as a whole and not allocable to segments are included under unallocable expenditure.
- Income which relates to the Group as a whole and not allocable to segments is included in unallocable income.
- Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Group as a whole and not allocable to any segment.

2.15 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) if any that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all potentially dilutive equity shares.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

2.16 Borrowing costs

Borrowing costs that are directly attributable to real estate project development activities are inventorised / capitalized as part of project cost.

Borrowing costs are inventorised / capitalised as part of project cost when the activities that are necessary to prepare the inventory / asset for its intended use or sale are in progress. Borrowing costs are suspended from inventorisation / capitalisation when development work on the project is interrupted for extended periods and there is no imminent certainty of recommencement of work.

All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds.

2.17 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposit held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

2.18 Foreign currency translation

Functional and presentation currency

The Group's Financial Statements are presented in Indian rupee (₹) which is also the Group's functional currency. Foreign currency transaction are recorded on initial recognition in the functional currency, using the exchange rate prevailing at the date of transaction

Measurement of foreign currency item at the balance sheet date:

- Foreign currency monetary assets and liabilities denominated in foreign currency are translated at the exchange rate prevailing on the reporting date.
- Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions

Exchange differences:

Exchange differences arising on settlement or translation of monetary items are recognised as income or expense in the

2.19 Provisions, Contingent Liabilities

2.19.1 Provisions:

A provision is recognized when the Group has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

When the Group expects some or all of a provision to be reimbursed, reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in respective expense.

2.19.2 Provision for Defects Liabilities and Repairs

As per, Real Estate (Regulation and Development) Act, 2016 (RERA) vide section 14(3) a builder or developer will be liable to repair any defect, on the building sold, for a period of Five years. Further, as per the terms of contracts with customers, the Group is liable for any defects, repairs and other claims for certain period after completion and handover of the possession of developed properties. Provision for defect liability and repairs is recognized when sales from contracts with customer is recognized. Certain percentage to the sales recognised is applied for the current accounting period to derive the provision for expense to be accrued. The recognition percentage is based on management estimates of the possible future incidence. The claims against defect liability and repairs from customers may not exactly match the historical percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence and revised accordingly.

2.19.3 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements unless the probability of outflow of resources is remote.

2.20 Fair value measurement

The Group measures financial instruments, such as investments (other than equity investments in subsidiaries and joint ventures) and derivatives at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1- Quoted(unadjusted) market prices in active markets for identical assets or liabilities
- Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.21 Critical accounting estimates and assumptions

The preparation of these Consolidated financial statements requires the management to make judgments, use estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the acGrouping disclosures, and the disclosure of contingent liabilities. Uncertainty about these judgements, assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

i. Taxes

Uncertainties exist with respect to the interpretation of tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax assessments and differing interpretations of tax regulations by the taxable entity and the responsible tax authority.

ii. Employee benefit plans

The cost of defined benefit plans (i.e. Gratuity benefit) is determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. In determining the appropriate discount rate, management considers the interest rates of long term government bonds with extrapolated maturity corresponding to the expected duration of the defined benefit obligation. The mortality rate is based on publicly available mortality tables for India. Future salary increases and pension increases are based on expected future inflation rates for India.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

iii. Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Group, including legal, contractor and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgement and the use of estimates regarding the outcome of future events.

iv. Property Plant and Equipment

Property, Plant and Equipment represent significant portion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of assets expected useful life and expected value at the end of its useful life. The useful life and residual value of Group's assets are determined by Management at the time asset is acquired and reviewed periodically including at the end of each year. The useful life is based on historical experience with similar assets, in anticipation of future events, which may have impact on their life such as change in technology.

v. Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset including intangible assets having indefinite useful life and goodwill may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's CGU'S fair value less cost of disposal and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are estimated based on past trend and discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, or other fair value indicators.

vi. Provisions for Defect liability and repairs

As per, Real Estate (Regulation and Development) Act, 2016 (RERA) vide section 14(3) a builder or developer will be liable to repair any defect, on the building sold, for a period of Five years. Further, as per the terms of contracts with customers, the Group is liable for any defects, repairs and other claims for certain period after completion and handover of the possession of developed properties. Provision for defect liability and repairs is recognized when sales from contracts with customer is recognized. Certain percentage to the sales recognised is applied for the current accounting period to derive the provision for expense to be accrued. The recognition percentage is based on management estimates of the possible future incidence. The claims against defect liability and repairs from customers may not exactly match the historical percentage, so such estimates are reviewed annually for any material changes in assumptions and likelihood of occurrence and revised accordingly.

(vii) Provision for expected credit losses (ECL) of trade receivables and contract assets

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Under this approach the Group does not track changes in credit risk but recognizes impairment loss allowance based on lifetime ECLs at each reporting date. For this purpose the Group uses a provision matrix to determine the impairment loss allowance on the portfolio of trade receivables. The said matrix is based on historically observed default rates over the expected life of the trade receivables duly adjusted for forward looking estimates.

For recognition of impairment loss on other financial assets and risk exposures, the Group determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month expected credit loss(ECL) is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12-month ECL.

ARKADE DEVELOPERS LIMITED (Formerly Known as Arkade Developers Private Limited)

Notes of the Consolidated Financial Statements for the year ended on 31st March, 2023

Significant Accounting Policies

(v) Ind AS 116 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Group does not expect the amendment to have any significant impact in its Financial Statements.

2.23 First-time adoption – mandatory exceptions, optional exemptions

The Group has prepared the opening balance sheet as per Ind AS as of April 1, 2021 (the transition date) by,

- recognising all assets and liabilities whose recognition is required by Ind AS,
- not recognising items of assets or liabilities which are not permitted by Ind AS,
- by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and
- applying Ind AS in measurement of recognised assets and liabilities.

However, this principle is subject to the certain exception and certain optional exemptions availed by the Group as detailed below. Since, the financial statements are the first financial statements, the first time adoption – mandatory exceptions and optional exemptions have been explained in detail.

Derecognition of financial assets and financial liabilities:

The Group has applied the derecognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after April 1, 2021 (the transition date).

(i) Designation of previously recognised financial instruments

The Group has designated financial liabilities and financial assets at fair value through profit or loss on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

(ii) Impairment of financial assets

The Group has applied the impairment requirements of Ind AS 109 retrospectively; however, as permitted by Ind AS 101, it has used reasonable and supportable information that is available without undue cost or effort to determine the credit risk at the date that financial instruments were initially recognised in order to compare it with the credit risk at the transition date. Further, the Group has not undertaken an exhaustive search for information when determining, at the date of transition to Ind ASs, whether there have been significant increases in credit risk since initial recognition, as permitted by Ind AS 101.

(iii) Deemed cost for investments in subsidiaries

The Group has elected to continue with the carrying value of all of its investments in subsidiaries recognised as of April 1, 2021 (transition date) measured as per the previous GAAP as its deemed cost as at the date of transition.

(iv) Deemed cost for property, plant and equipment, and intangible assets

The Group has elected to continue with the carrying value of all of its property, plant and equipment, and intangible assets recognised as of April 1, 2021 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Total	370.49	525.97	1,261.27

13 The average credit period on sales of goods is 15 days.

13 Considering the inherent nature of business of the Group, Customer credit risk is minimal. The Group generally does not part away with its assets unless trade receivables are fully realised. Wherever there is doubt on recovery, the Group makes adequate provision based on best estimation of recovery.

Based on prior experience and an assessment of the current economic environment, management believes there is no credit risk provision required, other than those made in the accounts, if any. Also the Group does not have any significant concentration of credit risk.

Eradicating hunger, poverty and malnutrition

32.1 Current Tax and Deferred Tax

32.2 Income Tax Expense recognised in statement of profit and loss

Particulars	For year ended March 31, 2023	For year ended March 31, 2022
Current Tax:		
Current income tax charge	1,790.64	1,414.58
Short provision of tax relating to earlier years	-	-
	1,790.64	1,414.58
Deferred Tax expense/ (credit)		
In respect of current period	(38.90)	(4.49)
	(38.90)	(4.49)
Total tax expense/(credit) recognised in statement of profit and loss	1,751.74	1,410.09

32.3 Income Tax recognised in other Comprehensive Income

Particulars	For year ended March 31, 2023	For year ended March 31, 2022
Deferred Tax (Liabilities)/Assets:		
Remeasurement of Defined Benefit Obligations	-	-
Total	-	-

32.4 Reconciliation of income tax expense and the accounting profit multiplied by Company's domestic tax rate:

Particulars	For year ended March 31, 2023	For year ended March 31, 2022
Profit/(Loss) before tax	7,235.82	6,300.96
Less: Income taxed at different tax rate	(72.73)	(304.28)
Profit/(Loss) Before tax	7,163.08	5,996.68
Income Tax using the Company's domestic Tax rate #	1,802.81	1,509.25
Effect of expenses that are not deductible in determining taxable profit	37.64	(4.82)
Effect of income that is not taxable in determining taxable profit	(105.06)	(181.40)
Effect of income taxed at different rate	21.23	88.63
Effect of adoption of Ind AS	34.03	2.93
Income tax related earlier year	-	-
Income tax expense recognised in Statement of Profit or Loss	1,790.64	1,414.58

The tax rate used for the reconciliations above is the corporate tax rate of plus surcharge (as applicable) on corporate tax, education cess and secondary and higher education cess on corporate tax, payable by corporate entities in India on taxable profits under Income Tax Act, 1961.

In pursuance of Section 115BAA of the Income Tax Act, 1961 announced by the Government of India through Taxation Laws (Amendment) Ordinance, 2019, the Company has opted for irrevocable option of shifting to lower tax rate w.e.f FY 19-20.

32.5 The Group does not have any unrecorded income and assets related to previous years which are required to be recorded during the year.

33.1 Earning per share

Particulars	For year ended March 31, 2022	For year ended March 31, 2021
(a) Profit/Loss for the year	5,485.79	4,853.73
(b) Weighted average number of Ordinary shares outstanding for the purpose of basic earnings per share (numbers)	20,00,000	20,00,000
(c) Effect of potential ordinary shares (numbers)	-	-
(d) Weighted average number of ordinary shares in computing diluted earnings per share [(b) + (c)] (numbers)	20,00,000	20,00,000
(e) Earnings per share on Profit for the year (Face Value ₹ 10/- per share)		
– Basic [(a)/(b)] (₹)	274.29	242.69
– Diluted [(a)/(d)] (₹)	274.29	242.69

34.1 Contingent liabilities and commitments (to the extent not provided for)

Particulars	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Contingent liabilities :			
(i) Bank Guarantees	190.00	165.00	65.00
(ii) Demands/Claims by Government Authorities not acknowledged as debts and contested/to be contested by the Company:			
Service Tax - FY 2016-17	8.85	8.85	8.85
Goods & Service Tax - FY 2017-18 to FY 2022-23 *	2,975.42	2,723.52	1,916.20

34.2 * The figures for the financial year ended March 31, 2023, March 31, 2022 and March 31, 2021 includes the amount of contingent liabilities for the respective year, where show cause notice or claims have been received after the close of respective reporting period and till the date of approval of this financial statements by the Board of Directors.

34.3 The Group is subject to legal proceedings and claims, which have arisen in the ordinary course of business, the impact of which presently is not quantifiable. These cases are pending with various courts / authorities. After considering the circumstances and advice from the legal advisors, management believes that these cases will not adversely affect its financial statements. The above Contingent Liabilities exclude undeterminable outcome of these pending litigations.

34.4 Future cash flow in respect of the above, if any, is determinable only on receipt of judgements/decisions pending with the relevant authorities. Interest, penalty or compensation liability arising on outcome of the disputes has not been considered, since not determinable at present.

34.5 The Group did not have any long-term contracts including derivative contracts for which any provision was required for foreseeable losses.

35.1 Segment information

For management purposes, the Company is into one reportable segment i.e. Real Estate development.

The Managing Director is the Chief Operating Decision Maker of the Company who monitors the operating results of the Company for the purpose of making decisions about resource allocation and performance assessment. The Company's performance as single segment is evaluated and measured consistently with profit or loss in the standalone financial statements. Also, the Company's financing (including finance costs and finance income) and income taxes are managed on a Company basis

35.2 Geographical information

The Group operates in one geographical environment only i.e. in India.

The Group's revenue from continuing operations from external customers by location of operations and information about its non-current assets by location of assets are detailed below:

Particulars	Revenue from External	
	For year ended March 31, 2023	For year ended March 31, 2022
Within India	22,015.27	22,893.46
Outside India	-	-
Total	22,015.27	22,893.46

Particulars	Non-current Assets		
	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Within India	224.23	182.84	34.60
Outside India	-	-	-
Total	224.23	182.84	34.60

35.3 Information about major customers

No single customer contributed 10% or more to the Group's revenue for the year ended March 31, 2023, March 31, 2022 and March 31, 2021.

35.4 The reporting segment includes a number of sales operations in various cities within India each of which is considered as a separate operating segment by the CODM. For financial statements presentation purposes, these individual operating segments have been aggregated into a single reportable operating segment taking into account the following factors:

- these operating segments have similar long-term gross profit margins;
- the nature of the products and production processes are similar; and
- the methods used to distribute the products to the customers are the same.

36.1 Employee benefit plans

36.2 Defined contribution plans:

The Group participates in Provident fund as defined contribution plans on behalf of relevant personnel. Any expense recognised in relation to provident fund represents the value of contributions payable during the period by The Company at rates specified by the rules of provident fund. The only amounts included in the balance sheet are those relating to the prior months contributions that were not paid until after the end of the reporting period.

(a) Provident fund and pension

In accordance with the Employee's Provident Fund and Miscellaneous Provisions Act, 1952, eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the provident fund administered and managed by Government of India (GOI). The Company has no further obligations under the fund managed by the GOI beyond its monthly contributions which are charged to the statement of Profit and Loss in the period they are incurred. The benefits are paid to employees on their retirement or resignation from the Company.

Contribution to defined contribution plans, recognised in the statement of profit and loss for the year under employee benefits expense, are as under:

Particulars	For the Year ended March 31, 2023	For the Year ended March 31, 2022
i) Employer's contribution to provident fund and pension	4.64	1.51
ii) Employer's contribution to state insurance corporation	0.72	0.02
Total	5.36	1.54

(b) Defined benefit plans:

Gratuity (Unfunded)

The Group has an obligation towards gratuity, a unfunded defined benefit retirement plan covering all employees. The plan provides for lump sum payment to vested employees at retirement or at death while in employment or on termination of the employment of an amount equivalent to 15 days salary, as applicable, payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company accounts for the liability for gratuity benefits payable in the future based on an actuarial valuation.

The most recent actuarial valuation of the present value of the defined benefit obligation was carried out for the year ended March 31, 2023 by an independent actuary. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

(A) Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

(1) Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

- i) Adverse Salary Growth Experience
- ii) Variability in mortality rates
- iii) Variability in withdrawal rates

(2) Investment Risk

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

(3) Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cashflows.

(4) Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

(5) Legislative Risk

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

(B) Principal actuarial assumptions used:

The principal assumptions used for the purposes of the actuarial valuations were as follows.

Particulars	Gratuity (Unfunded)		
	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
1. Discount rate - Company	7.40%	6.85%	6.50%
2. Salary escalation - Company	10.00%	10.00%	10.00%
3. Rate of employee turnover - Company	Age 25 & Below : 25 %, Age 25 to 35 : 20 %, Age 35 to 45 : 15 %, Age 45 to 55 : 10 %, Age 55 & above : 5 %	Age 25 & Below : 25 %, Age 25 to 35 : 20 %, Age 35 to 45 : 15 %, Age 45 to 55 : 10 %, Age 55 & above : 5 %	Age 25 & Below : 25 %, Age 25 to 35 : 20 %, Age 35 to 45 : 15 %, Age 45 to 55 : 10 %, Age 55 & above : 5 %
4. Mortality rate	Indian Assured Lives Mortality (2012-14) Ult.		

(C) Expenses recognised in profit and loss

Particulars	Gratuity (Unfunded)	
	For year ended March 31, 2023	For year ended March 31, 2022
Service cost:		
Current service cost	17.12	11.78

Year 3 cashflow	15.70	13.18
Year 4 cashflow	14.01	12.02
Year 5 cashflow	12.93	10.69
Year 6 to year 10 cashflow	50.80	37.69
Total expected payments	128.17	101.70

(J) Sensitivity analysis

The Sensitivity analysis below has been determined based on reasonably possible change of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. These sensitivities show the hypothetical impact of a change in each of the lied assumptions in isolation. While each of these sensitivities holds all other assumptions constant, in practice such assumptions rarely change in isolation and the asset value changes may offset the impact to some extent. For presenting the sensitivities, the present value of the Defined Benefit Obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the Defined Benefit Obligation presented above. There was no change in the methods and assumptions used in the preparation of the Sensitivity Analysis from previous year.

Projected benefits payable in future years from the date of re	For year ended March 31, 2023	For year ended March 31, 2022
Projected benefit obligation on current assumptions		
Rate of discounting		
Impact of +0.5% change (% change)	118.37 (2.72%)	99.06 (2.79%)

Rate of salary increase		
Impact of +0.5% change (% change)	123.17 1.22%	103.11 1.18%
Impact of -0.5% change (% change)	120.38 (1.07%)	100.81 (1.07%)
Withdrawal Rate (W.R.)		
W.R. x 110% (% change)	122.78 0.90%	102.64 0.72%
W.R. x 90% (% change)	120.36 (1.09%)	101.00 (0.89%)

(K) Other disclosures

The weighted average duration of the obligations as at March 31, 2023 is 6.89 years (as at March 31, 2022: 6.92 years and April 1, 2021: 7.07 Years).

(c) Leave Encashment plan

(A) Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

(1) Actuarial Risk:

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

- i) Adverse Salary Growth Experience
- ii) Variability in mortality rates
- iii) Variability in withdrawal rates
- iv) Variability in availment rates

(2) Investment Risk

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

(3) Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the Entity there can be strain on the cash flows.

(4) Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date. Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

(5) Legislative Risk

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Shop and Establishment Act, thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

(B) Principal actuarial assumptions used:

The principal assumptions used for the purposes of the actuarial valuations were as follows.

Particulars	Gratuity (Unfunded)		
	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
1. Discount rate - Company	7.40%	6.85%	6.50%
2. Salary escalation - Company	10.00%	10.00%	10.00%
3. Rate of employee turnover - Company	Age 25 & Below : 25 % Age 25 to 35 : 20 % Age 35 to 45 : 15 % Age 45 to 55 : 10 % Age 55 & above : 5 %	Age 25 & Below : 25 % Age 25 to 35 : 20 % Age 35 to 45 : 15 % Age 45 to 55 : 10 % Age 55 & above : 5 %	Age 25 & Below : 25 % Age 25 to 35 : 20 % Age 35 to 45 : 15 % Age 45 to 55 : 10 % Age 55 & above : 5 %
4. Mortality rate	Indian Assured Lives Mortality (2012-14) Ult.		

(C) Expenses recognised in profit and loss

Particulars	Gratuity (Unfunded)	
	For year ended March 31, 2023	For year ended March 31, 2022
Service cost:		
Current service cost	1.66	1.17
Net Interest cost	0.29	0.24
	(0.66)	(0.86)
Net value of remeasurements on the obligation and plan assets		
Components of defined benefit cost recognised in profit or loss	1.29	0.56

The current service cost and the net interest expenses for the year are included in the 'Employee benefits expenses' line item in the Statement of profit and loss.

(D) Net interest cost recognised in profit or loss:

Particulars	Gratuity (Unfunded)	
	For year ended March 31, 2023	For year ended March 31, 2022
Interest cost	0.29	0.24
Interest income	-	-
Net interest cost recognised in profit or loss	0.29	0.24

(E) Remeasurements on the Obligation and Plan Assets

Particulars	For year ended March 31, 2023	For year ended March 31, 2022
Actuarial (gains)/losses on obligation for the year		
- Due to changes in demographic assumptions	-	-
- Due to changes in financial assumptions	(0.16)	(0.08)
- Due to experience adjustment	(0.50)	(0.77)
Return on plan assets, excluding interest income	-	-
Net (Gain)/Loss for the period recognized in OCI	(0.66)	(0.86)

(F) Amount recognised in the consolidated balance sheet

Particulars	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Present value of defined benefit obligation as at the end of the year	5.86	4.56	4.01
Fair value of plan assets	-	-	-
	5.86	4.56	4.01

(G) Net asset/(liability) recognised in the consolidated balance sheet

Recognised under:	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Long term provision	4.86	3.82	3.36
Short term provision	0.99	0.74	0.65
Total	5.86	4.56	4.01

(H) Movements in the present value of defined benefit obligation are as follows:

Particulars	For year ended March 31, 2023	For year ended March 31, 2022
Opening defined benefit obligation	4.56	4.01
Transfer in/(out) obligation	-	-
Current service cost	1.66	1.17
Interest cost	0.29	0.24
Actuarial losses	(0.66)	(0.86)
Benefits paid from the fund	-	-
Closing defined benefit obligation	5.86	4.56

(I) Maturity profile of defined benefit obligation:

Projected benefits payable in future years from the date of reporting	For year ended March 31, 2023	For year ended March 31, 2022
Year 1 cashflow	0.99	0.74
Year 2 cashflow	0.89	0.66
Year 3 cashflow	0.80	0.60
Year 4 cashflow	0.72	0.54
Year 5 cashflow	0.66	0.49
Year 6 to year 10 cashflow	2.62	1.96
Total expected payments	6.68	5.00

(J) Sensitivity analysis

The Sensitivity analysis below has been determined based on reasonably possible change of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. These sensitivities show the hypothetical impact of a change in each of the listed assumptions in isolation. While each of these sensitivities holds all other assumptions constant, in practice such assumptions rarely change in isolation and the asset value changes may offset the impact to some extent. For presenting the sensitivities, the present value of the Defined Benefit Obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the Defined Benefit Obligation presented above. There was no change in the methods and assumptions used in the preparation of the Sensitivity Analysis from previous year.

Projected benefits payable in future years from the date of retirement	For year ended March 31, 2023	For year ended March 31, 2022
Projected benefit obligation on current assumptions		
Rate of discounting		
Impact of +0.5% change	5.72	4.45
(% change)	(2.36%)	(2.47%)
Impact of -0.5% change	6.00	4.68
(% change)	2.48%	2.59%
Rate of salary increase		
Impact of +0.5% change	6.00	4.68
(% change)	2.41%	2.50%
Impact of -0.5% change	5.72	4.45
(% change)	(2.32%)	(2.41%)
Withdrawal Rate (W.R.) varied by 10%		
W.R. x 110%	5.45	4.23
(% change)	(6.99%)	(7.22%)
W.R. x 90%	6.32	4.93
(% change)	7.87%	8.13%

(K) Other disclosures

The weighted average duration of the obligations as at March 31, 2023 is 5.43 years (as at March 31, 2022: 5.49 years and April 1, 2021: 5.45 Years).

40 Financial instruments and risk management

40.1 Capital risk management

The Group's objective, when managing capital is to ensure the going concern operation and to maintain an efficient capital structure to reduce the cost of capital, support the corporate strategy and meet shareholder's expectations. The policy of the Group is to borrow funds through banks or raise through equity which is supported by committed borrowing facilities to meet anticipated funding requirements. The Company manages its capital structure and makes adjustments in the light of changes in economic conditions and the requirement of financial markets. The capital structure is governed by policies approved by the Board of Directors, and is monitored by various metrics. The following table summarises the capital of the Company :

	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Short term debts*(including current maturities of long term)	7,024.08	6,321.42	1,369.36
Long term debts	7,875.45	119.86	-
Total Debts	14,899.53	6,441.28	1,369.36
Less: Cash and cash equivalents	(1,661.84)	(252.15)	(493.95)
Net debt	13,237.69	6,189.13	875.41
Total Equity	20,021.19	14,531.57	9,689.75
Net debt to equity ratio	0.66	0.43	0.09

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings.

The Company has not defaulted on any loans payable, and there has been no breach of any loan covenants.

No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2023, March 31, 2022 and March 31, 2021.

40.2 Categories of financial instruments

The following table provides categorisation of all financial instruments

Particulars	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Financial assets			
Measured at amortised cost			
(a) Loans (including inter corporate deposit)	9.07	1.54	2.31
(b) Security deposits	202.99	3.99	9.28
(c) Deposits with bank (Fixed Deposits)	637.24	110.00	65.00
(d) Cash and cash equivalent	1,661.84	252.15	493.95
(e) Bank balance other than (d) above	95.23	700.29	665.80
(f) Trade receivables	370.49	525.97	1,261.27
(g) Other financial assets	64.75	14.76	16.40
Total financial assets	3,041.60	1,608.71	2,514.00
Financial liabilities			
Measured at amortised cost			
(a) Borrowings	14,899.53	6,441.28	1,369.36
(b) Trade payables	2,351.90	1,373.16	2,229.25
(d) Other financial liabilities	1,372.86	770.86	737.77
Total financial liabilities	18,624.28	8,585.30	4,336.38

40.3 Financial risk management objectives

The Group's principal financial liabilities comprise loans and borrowings and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Group's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group periodically reviews the risk management policy so that the management manages the risk through properly defined mechanism. The focus is to foresee the unpredictability and minimise potential adverse effects on the Group's financial performance. The Group's overall risk management procedures to minimise the potential adverse effects of financial market on the Group's performance are as follows:

(i). Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk.

(a) Interest rate risk:

The Group is exposed to cash flow interest rate risk from long-term borrowings at variable rate. Currently the Group has external borrowings and borrowings from promoter & promoter groups which are fixed and floating rate borrowings. The Group achieves the optimum interest rate profile by refinancing when the interest rates go down. However this does not protect Group entirely from the risk of paying rates in excess of current market rates nor eliminates fully cash flow risk associated with variability in interest payments, it considers that it achieves an appropriate balance of exposure to these risks.

(b) Foreign currency risk:

Foreign Currency Risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign currency rates. Exposures can arise on account of the various assets and liabilities which are denominated in currencies other than Indian Rupee.

Particulars of unhedged foreign currency exposures as at the reporting date:

Particulars	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
(a). Financial liabilities:			
In USD	-	-	-
Equivalent in ₹ lakhs	-	-	-
(b). Financial assets:			
In USD	-	-	-
In EURO	-	-	-
Equivalent in ₹ lakhs	-	-	-

(ii). Credit risk management

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the Group's customer base, including the default risk of the industry and country, in which customers operate, has less influence on the credit risk.

The Group has entered into contracts for the sale of residential and commercial units on an installment basis. The installments are specified in the contracts. The Group is exposed to credit risk in respect of installments due. However, the possession of residential and commercial units is handed over to the buyer only after all the installments are recovered. In addition, installment dues are monitored on an ongoing basis with the result that the Group's exposure to credit risk is not significant. The Group evaluates the concentration of risk with respect to trade receivables as low, as none of its customers constitutes significant portions of trade receivables as at the year end.

Credit risk from balances with banks and financial institutions is managed by Group's treasury in accordance with the Group's policy. The Group limits its exposure to credit risk by only placing balances with local banks of good repute. Given the profile of its bankers, management does not expect any counterparty to fail in meeting its obligations.

(iii). Liquidity risk management

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The Group has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Group's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group manages the liquidity risk by maintaining adequate funds in cash and cash equivalents.

Surplus funds not immediately required are invested in certain financial assets which provide flexibility to liquidate at short notice and are included in cash equivalents.

Liquidity risk table

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

Particulars	Upto 1 year	1-5 years	Total
March 31, 2023			
Borrowings	7,024.08	7,875.45	14,899.53
Trade payables	2,351.90	-	2,351.90
Other financial liabilities	1,372.86	-	1,372.86
Total	10,748.83	7,875.45	18,624.28
March 31, 2022			
Borrowings	6,321.42	119.86	6,441.28
Trade Payables	1,373.16	-	1,373.16
Other Financial Liabilities	770.86	-	770.86
Total	8,465.44	119.86	8,585.30
April 1, 2021			
Borrowings	1,369.36	-	1,369.36
Trade Payables	2,229.25	-	2,229.25
Other Financial Liabilities	737.77	-	737.77
Total	4,336.38	-	4,336.38

Arkade Developers Limited (Formerly known as Arkade Developers Private Limited)

Notes to the Consolidated Financial Statements as at March 31, 2023

All amounts are ₹ in Lakhs unless otherwise stated

41 Fair value measurements

This note provides information about how the Group determines fair values of various financial assets and financial liabilities.

41.1 Fair value of the Company's financial assets and financial liabilities that are measured at fair value on a recurring basis

The Company has not measure any financial assets and financial liabilities that are measured at fair value on a recurring basis.

41.2 Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recognised in these financial statements approximate their fair values.

42 Disclosure as per Section 186 of the Companies Act, 2013

The details of loans, guarantees and investments under Section 186 of the Companies Act, 2013 read with the Companies (Meetings of Board and its

(i) Details of Investments made by the Company are given in Note 6.1 in the financial statement.

(ii) The Group has not granted any loans to any parties during the period.

Arkade Developers Limited (Formerly known as Arkade Developers Private Limited)

Notes to the Consolidated Financial Statements as at March 31, 2023

43 Ratio Analysis and its elements

Where any one or both the components of ratios are extracted from statement of profit and loss, the ratios are provided for the year ended March 31, 2022 and March 31, 2021. However, where both the components of ratio are extracted from the Balance sheet, the ratios are provided for all the three periods (i.e., as at March 31, 2022, as at March 31, 2021 and April 1, 2020).

a) Current Ratio = Current assets divided by Current liabilities

Particulars	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Current assets	52,797.69	35,033.95	33,164.41
Current liabilities	27,519.23	22,414.43	25,199.89
Ratio (In times)	1.92	1.56	1.32
% Change from previous year	23.08%	18.18%	-

b) Return on Equity Ratio = Net profit after tax divided by average equity

Particulars	As at March 31, 2023	As at March 31, 2022
Net profit after tax	5,484.08	4,890.87
Total equity*	17,276.38	12,110.66
Ratio	0.32	0.40
% Change from previous year	-21.40%	

*Average equity represents the average of opening and closing total equity.

c) Inventory Turnover Ratio = Cost of materials consumed divided by average

Particulars	As at March 31, 2023	As at March 31, 2022
Cost of materials consumed	13,290.93	15,996.01
Average Inventory	39,976.71	25,154.81
Ratio (In times)	0.33	0.64
% Change from previous year	-47.72%	

Reason for change more than 25%:

Due to increase in Inventory of Work in Progress for New Projects and increased in overall operations of the Company.

d) Trade Receivables turnover ratio = Credit Sales divided by average trade

Particulars	As at March 31, 2023	As at March 31, 2022
Sales	21,915.67	22,301.10
Average Trade Receivables #	448.23	893.62
Ratio (In times)	48.89	24.96
% Change from previous year	95.92%	

Trade receivables is included gross of ECL and net of customer advances. Average Trade receivables represents the average of opening and closing trade receivables.

e) Trade payables turnover ratio = Credit purchases divided by average trade payables

Particulars	As at March 31, 2023	As at March 31, 2022
Contract Cost	33,442.84	25,487.92
Closing Trade Payables	931.26	900.60
Ratio (In times)	35.91	28.30
% Change from previous year	21.19%	

f) Net Capital Turnover Ratio = Sales divided by Net Working capital

Particulars	As at March 31, 2023	As at March 31, 2022
Sales (A)	22,015.27	22,893.46
Current Assets (B)	52,797.69	35,033.95
Current Liabilities (C)	27,519.23	22,414.43
Net Working Capital (D = B - C)	25,278.46	12,619.52
Ratio (In times) (E = A / D)	0.87	1.81
% Change from previous year	-51.99%	

Reason for change more than 25%:

Due to increase in Inventory of Work in Progress for New Projects and increased in overall operations of the Company has lead to increased investments in working capital of the Company.

g) Net profit ratio = Net profit before tax divided by Sales

Particulars	As at March 31, 2023	As at March 31, 2022
Net profit before tax	6,818.38	5,580.19
Sales	22,015.27	22,893.46
Ratio	31%	24%
% Change from previous year	27.06%	

Return on Capital employed (pre -tax) = Earnings before interest and taxes (EBIT) divided by average Capital

h) Employed

Particulars	As at March 31, 2023	As at March 31, 2022
Profit before tax (A)	6,818.38	5,580.19
EBIT (B) = (A)	6,818.38	5,580.19
Total Assets (C)	55,530.26	37,137.24
Current Liabilities (D)	27,519.23	22,414.43
Capital Employed (E)=(C)-(D)	28,011.03	14,722.81
Ratio (In %)	24%	38%
% Change from previous year	-35.78%	

Reason for change more than 25%:

Due to increase in Inventory of Work in Progress for New Projects and increased in overall operations of the Company has lead to increased investments in working capital of the Company.

i) Debt Equity ratio = Total debts divided by Total Equity

Particulars	As at March 31, 2023	As at March 31, 2022	As at April 1, 2021
Total Debts	14,899.53	6,441.28	1,369.36
Shareholder's funds	20,021.19	14,531.57	9,689.75
Ratio (In Times)	0.74	0.44	0.14
% Change from previous year	67.89%	213.66%	

Reason for change more than 25%:

Increase in FY 21-22 is mainly on account of increase in unsecured borrowings & Increase in FY 22-23 is on account of raising fresh Term Loans for Projects & unsecured borrowings.

Debt service coverage ratio= Earnings available for debt services dividend by total interest and principal repayments.

Particulars	As at March 31, 2023	As at March 31, 2022
Profit after tax (A)	5,484.08	4,890.87
Add: Non cash operating expenses and finance cost		
-Depreciation and amortisation (B)	27.12	7.13
-Finance cost (C)	128.12	432.94
Total Non-cash operating expenses and finance cost (Pre-tax)	155.23	440.07
Total Non-cash operating expenses and finance cost (Post-tax) (E = D (1-Tax rate))	116.16	329.31
Earnings available for debt services (F = A+E)	5,600.24	5,220.18
Debt service		
Interest (G)	746.31	411.09
Lease payments (H)	-	-
Principal repayments (I)	(3,844.78)	(573.60)
Total Interest and principal repayments (J = G + H + I)	(3,098.47)	-162.51
Ratio (In times) (J = F/ I)	1.81	32.12
% Change from previous year	-94.37%	

Reason for change more than 25%:

Due to increase in repayment of principle amount of unsecured borrowings (which are repayable on demands)

k) Return on Investments

This ratio has not been calculated since the Company does not have any investments as on 31st March, 2023 except investments in Associates Firms

45 First-time adoption of Ind-AS

45.1 Reconciliation of total equity as at March 31, 2022 and April 1, 2021

Particulars	As at March 31, 2022	As at April 1, 2021
Total equity (shareholder's funds) under previous GAAP	14,528.44	9,637.05
Ind AS Adjustments:		
Gratuity Impact as per valuation	(14.84)	(16.83)
Leave encashment Impact as per valuation	(4.56)	(4.01)
Gain / (loss) on fair valuation of investments in equity instruments measured through FVTPL	11.64	55.40
Transaction Cost related to term loans	-	-
Remeasurement of defined benefit plans (net of Deferred tax) through OCI	(15.91)	(4.00)
Deferred Tax Impact	26.79	22.14
Total adjustment to equity	3.12	52.70
Total equity under Ind AS	14,531.57	9,689.75

45.2 Reconciliation of Total Comprehensive Income for the year ended March 31, 2022

Particulars	For Year ended March 31, 2022
Profit after tax as per previous GAAP	4,928.53
Ind AS Adjustments:	
Gratuity Impact as per valuation	2.01
Leave encashment Impact as per valuation	(0.56)
Gain / (loss) on fair valuation of investments in equity instruments measured through FVTPL	(43.76)
Transaction Cost related to term loans	-
Deferred tax impact	4.65
Total adjustment to profit or loss	(37.66)
Profit after tax under Ind AS	4,890.87
Other Comprehensive Income	
Remeasurement of defined benefit plans (net of Deferred tax)	(11.91)
Total comprehensive income under Ind AS	4,878.97

Note: Under previous GAAP, total comprehensive income was not reported. Therefore, the above reconciliation starts with profit under the previous GAAP.

45.3 Impact of Ind AS adoption on the statements of cash flows for the year ended March 31, 2022

There were no significant reconciliation items between cash flows prepared under Indian GAAP and those prepared under Ind AS.

45.4 Notes to first-time adoption:

a. Borrowings

Under previous GAAP, transaction costs incurred in connection with borrowings are charged upfront to Statement of Profit and Loss for the period/year. Under Ind AS, transaction costs are included in the initial recognition amount of financial liability and charged to Statement of Profit and Loss using effective interest method.

b. Actuarial gains and losses

The impact is on account of measurement of employee benefits obligations as per Ind AS 19. Under previous GAAP, actuarial gains and losses were recognised in profit and loss. Under Ind AS, the actuarial gains and losses forming part of remeasurement of the net defined benefit liability / asset, are recognised in the Other Comprehensive Income (OCI) under Ind AS instead of profit or loss. The actuarial gains for the year ended March 31, 2023 were ₹ 3.82 Lakhs. This change does not effect total equity, but there is a decrease in profit before tax to that extent.

c. Deferred Tax

The previous GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using balance sheet approach which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. Various transitional adjustments has resulted in recognition of temporary differences.

d. Expected Credit Allowance on Trade Receivables

Under Ind AS, impairment allowance has been determined based on forward-looking expected credit loss (ECL) model which has led to an increase in the amount of provision as on the date of transition. The Company chose to calculate impairment allowance under simplified approach for trade receivables where the Company does not separately track changes in credit risk.

45.5 Companies / Firms consolidated as subsidiaries / Associates in accordance with Accounting Standard 21 - Consolidated Financial Statements :

Arkade Developers Limited (Formerly known as Arkade Developers Private Limited)
Notes to the Consolidated Financial Statements as at March 31, 2023
All amounts are ₹ in Lakhs unless otherwise stated
